News for Providers

## 1/1/18 Insulin Changes:

The following medications are excluded from the MVP Commercial and Marketplace Formularies:

Afrezza	Apidra/Solostar	Humalog U-100/Kwikpen Humalog U-200 Kwikpen	Humalog Mix 75-25/Kwikpen
Humalog Mix 50-50/Kwikpen	Humulin 70-30/Kwikpen	Humulin N/Kwikpen	Humulin R

Please note that Humulin R U-500 will not be excluded from the formulary

The following medications are formulary alternatives:

Novolog/Flexpen	Novolog Mix 70-30/Flexpen	Novolin R
Novolin N	Novolin 70-30	

## 1/1/18 Test Strip Change:

Freestyle test strips and Precision test strips are excluded from the Commercial, Marketplace and Medicaid Formularies. One Touch test strips are the preferred formulary alternative.

Patients can obtain a One Touch meter free of charge by calling **1-855-306-2261** and providing order code 544MVP100 or visiting **www.OneTouch.orderpoints.com** and using order code: 544MVP100.

Notification regarding these changes and a list of impacted members was sent to offices in late November. In an effort to avoid member/patient disruption please review the previous notification and if appropriate transition the member to a formulary alternative. If a formulary alternative is not appropriate please submit a prior authorization request form to MVP Health Care, fax **1-800-376-6373**.

If you have any questions, please call the MVP Provider Services Center at **1-800-684-9286** (Monday through Friday 8:30am-5pm, ET).
