

## Annual Review of Clinical Criteria

InterQual<sup>®</sup> criteria, published by Change Healthcare<sup>®</sup>, are used in many of the MVP Health Care<sup>®</sup> (MVP) clinical review processes to support the medical necessity of health care services. Annual changes to the InterQual<sup>®</sup> criteria are published on MVP's website for health care practitioners to review prior to implementation and can be accessed at **mvphealthcare.com**. *Sign In* to your account, then select *Medical Policies* under *Resources*. Select the *InterQual 2021 Clinical Revisions* at the bottom of the page to view changes.

Proposed changes to the criteria will be made available for Participating Providers to review approximately 15 days prior to implementation. If, after your review, you have questions about these changes, you may speak to an MVP Medical Director by calling **1-800-684-9286**. The effective date of the criteria update will be communicated in a subsequent FastFax following the end of the comment period.

To receive future FastFax messages by email, send a request to your MVP Professional Relations Representative.
