For more detailed information about your MVP prescription drug coverage, please review your Certificate of Coverage or Summary Plan Description. Please be advised that this document is updated periodically, and changes may appear prior to their effective date to allow for member notification.

For the most up-to-date information or other questions, please contact the MVP Customer Care Center at the phone number on the back of your MVP Member ID card.

How do I use the Formulary?

There are two ways to find a drug within this Formulary document. On your keyboard, press *CTRL+F* to bring up a search window.

1. **Search by Medical Condition.** The drugs in this Formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular." If you know what your drug is used for, look for the category name in the document below. Then look under the category name for your drug.

2. **Search by Drug Name.** If you are not sure of the category, look for your drug in the Index. The Index provides an alphabetical list of all the drugs, both brand name and generic, included in this document. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information.

Are there coverage restrictions?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

CO-PAY Some MVP plans may offer different co-pays or co-insurance for certain categories of medications. This may be different than your regular tier co-pay. Please refer to your MVP Prescription Drug Rider for the specific co-pay or co-insurance amount associated with medications.

ORAL CHEMOTHERAPY CO-PAY (OC) Some MVP plans may offer a different co-pay or co-insurance for oral chemotherapy drugs. These are medications, taken by mouth, to treat cancer. This may be different than your regular tier co-pay. Please refer to your MVP Prescription Drug Rider for the specific co-pay or co-insurance amount associated with this category of medications.

DIABETIC CO-PAY (DC) Some MVP plans may offer a different co-pay or co-insurance for medications used to treat diabetes. This may be different than your regular tier co-pay. Please refer to your MVP Prescription Drug Rider for the specific co-pay or co-insurance amount associated with this category of medications.

LIMITED DISTRIBUTION (LD) Some specialty medications are only available from certain pharmacies. They usually treat rare or complex medical conditions. You would not be able to pick it up from your regular pharmacy.

NOT AVAILABLE FOR MAIL ORDER (NM) For plans that offer a mail order benefit, certain medications are not available through the mail order pharmacy benefit. In general, maintenance drugs are available through the mail order benefit. A maintenance drug is defined as "any drug taken regularly to treat or prevent a chronic health condition such as, but not limited to, high blood pressure, diabetes, or asthma." Drugs that are not suitable for mail delivery, medications that are indicated for short term use, or medications requiring frequent provider evaluation and/or dose adjustments may not be eligible for mail order.

PRIOR AUTHORIZATION (PA) MVP requires your provider to get prior authorization for certain drugs. This means that you will need to get approval from MVP before you fill your prescriptions. If you don't get approval, MVP may not cover the drug. Some drugs not listed in the Formulary follow approved MVP prior authorization policies. Please note that all new drugs will be excluded from the Formulary and require prior authorization until reviewed by the MVP Pharmacy and Therapeutics (P&T) Committee. The P&T Committee recommends drugs to be excluded from coverage if they do not have significant clinical and/or therapeutic advantages over drugs currently covered by MVP. The committee uses utilization, pharmaco-economic, and clinical data to develop the exclusions. However, not every member may be able to tolerate Formulary drugs due to clinical ineffectiveness or adverse/allergic reactions. A Formulary exception (prior authorization) process for these cases will allow members to receive otherwise non-covered medications.

QUANTITY LIMIT (QL) Some drugs in the Formulary have a maximum quantity that may be received over a specified time period. The list of drugs with quantity limits is subject to change and are marked by a "QL." The amount of drug covered is based on clinical considerations. If you require more than the allowed quantity, the prescribing provider should initiate a request for coverage.

STEP THERAPY (ST) In some cases, MVP requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, MVP may not cover Drug B unless you try Drug A first. If Drug A does not work for you, MVP will then cover Drug B.

SPECIALTY DRUGS (SP) Specialty medications are used in the management of complex chronic or genetic conditions and certain catastrophic diseases. They are most often injectable medications but may also include oral agents. Drugs identified in the Formulary as “SP” must be filled through the CVS Specialty Pharmacy or another pharmacy in the specialty network. Some MVP plans may offer a different co-pay or co-insurance for these medications, which may be different than your regular tier co-pay. Please refer to your MVP Prescription Drug Rider for the specific co-pay or co-insurance amount associated with this category of medications.

SPECIALTY CO-PAY (SC) Specialty medications are used in the management of complex chronic or genetic conditions and certain catastrophic diseases. They are most often injectable medications but may also include oral agents. Drugs identified in the Formulary as “SC” may be obtained at any in-network retail pharmacy (as opposed to medications listed as “SP” which are only available at pharmacies in the specialty network). MVP plans may offer a different co-pay or co-insurance for these medications, which may be different than your regular tier co-pay. Please refer to your MVP Prescription Drug Rider for the specific co-pay or co-insurance amount associated with this category of medications.

OVER-THE-COUNTER MEDICATIONS (OTC) Certain medications listed in the Formulary are available over the counter. For these to be covered by insurance, a prescription is required.

AGE Some medications have age restrictions to ensure they are used in appropriate age groups. If you are outside of the age restriction but require the use of a drug with an age edit, your provider can submit a request for coverage and tell us why you need this drug.

More information

Your provider is the person best suited to help you make decisions about prescription drugs, and the prescription drug information here is intended for consumer guidance only. This information relates to the Prescription Drug Formulary, generally, and may not describe your specific coverage. Your Certificate of Coverage or Summary Plan Description determines your benefits, limitations, and exclusions.

While every effort has been made to ensure accuracy, some information may be out of date. The Formulary is subject to change based on decisions made by the P&T Committee. New drugs are not covered until reviewed by the P&T Committee. Medications with an OTC equivalent are not a covered benefit. Drugs entering the market between 1938 and 1962 that were approved for safety but not effectiveness are called “DESI” drugs. DESI drugs are not covered on the MVP Commercial Formulary.

The information contained in the MVP Commercial Formulary is provided solely for the convenience of medical providers. MVP does not warrant or assure accuracy of such information nor is it intended to be comprehensive in nature. The MVP Commercial Formulary is not intended to be a substitute for the knowledge, expertise, skill, and judgement of the medical provider in their choice of prescription drugs. The MVP Commercial Formulary is subject to state-specific regulations and rules, including, but not limited to, those regarding generic substitution, controlled substance schedules, preference for brands, and mandatory generic drugs whenever applicable. MVP assumes no responsibility for the actions of any medical provider based upon reliance, in whole or part, on the information contained herein. The medical provider should consult the drug manufacturer's product literature or standard references for more detailed information.

Your employer may have limited your coverage of certain prescription drugs. In the case of some drugs, MVP may limit coverage to a specific quantity or a specific course of treatment. MVP may also require prior authorization on some covered drugs. If you need more information about policies regarding a specific drug, consult your provider or contact the MVP Customer Care Center at the phone number on the back of your MVP Member ID card. If the medication you take is not listed below, contact the CVS Caremark Customer Care Center at the phone number listed on your MVP Member ID card.
